

TIBERIU-MIHAI TOMA

Cybersecurity Graduate | Web
Development

LANGUAGES

Romanian - Fluent
Portuguese - Basic understanding
Spanish - Conversational

TECHNICAL SKILLS

Python
Pandas / Excel
HTML / CSS / JavaScript
SQL / MongoDB
Information Security
Cisco Packet Tracer
Linux
Debugging / QA
Technical Troubleshooting

SOFT SKILLS

Teamwork
Leadership
Communication
Organisation
Problem Solving
Attention to Detail

QUALIFICATIONS & TRAINING

MongoDB Introductory Course
Information Security Awareness
Data Protection Awareness
Safeguarding & Inclusion
Health & Safety
PAL Leader Training

PROFESSIONAL PROFILE

Cybersecurity graduate with a 2:1 BSc (69%) and hands-on experience in Python, web development, networking and information security. I have led group assignments, coordinated task roles and supported other students as a PAL Leader. These experiences strengthened my teamwork, leadership and communication, while development, testing and network projects sharpened my organisation, problem-solving and attention to detail.

PROFESSIONAL EXPERIENCE

Web Developer - Valu Tints

Family business website project

2026

- Built the Valu Tints business website and organised its structure, services and contact flow.
- Refined the layout from feedback and kept the design consistent across pages and screen sizes.

🌐 valutints.co.uk

TECHNICAL PROJECTS

Tibs Diagnostic Toolkit

Personal Python / IT Support Project

Sep 2026

- Built a cross-platform Python CLI for Windows, Linux and Android/Termux to automate first-line network and system diagnostics.
- Added DNS, gateway, latency, packet-loss and system checks, then hardened it with 25 regression tests plus fuzz and concurrency testing.

EDUCATION

BSc Cyber Security

Buckinghamshire New University

Sep 2023 - Jul 2026

- Graduated with Upper Second-Class Honours (2:1), 69%.
- Built a Python game in a first-year group assignment, coordinating tasks and teamwork.
- Later analysed viruses/antivirus behaviour and built Packet Tracer networks to strict topologies and technical guidelines.

T-Level Digital Production, Design and Development

Bucks College Group

Sep 2021 - Jul 2023

- Completed the T-Level through team-based software and data projects.
- Used Python and Pandas to read, process and write large Excel spreadsheets, while helping organise group roles and task division.

Games Design Level 2

Bucks College Group

Sep 2020 - Jul 2021

- Completed the course by analysing different games and creating prototype background scenery for game concepts.
- Developed strong attention to detail by evaluating how visuals, mechanics and presentation contribute to the finished project.

RELEVANT EXPERIENCE

Web Developer Assistant

ExcellOne Technologies Ltd

- T-Level work-experience placement supporting client sites with HTML, CSS and JavaScript.
- Handled debugging, QA checks, documentation and troubleshooting while working with developers.

Peer Assisted Learning (PAL) Leader

Buckinghamshire New University

- Part-time role alongside my Cyber Security degree, using my computing knowledge to support students in similar subjects.
- Explained technical topics, helped students organise their work and supported one-to-one and group learning.
